Francisco Santana Hernandez

Frontend Software Engineer

✉ santana.francisco@pm.me ☎ 6032852665 in Linkedin ⌽ Github

EXPERIENCE

Nov 2021 – present	**Frontend Software Engineer,** *Niche* 🔗
	• Collaborate closely with designers, product managers, back-end developers to implement and refine user-facing product features
	• Develop and test reusable components for a UI component library based on Material UI, enhancing development and consistency.
	• Test and debug code to ensure seamless cross-browser compatibility and optimal performance across various platforms
	• Assist in maintaining and updating of existing web applications using TypeScript/JavaScript, React.js, and Redux.js
Mar 2019 – Nov 2021	**Fullstack Software Engineer,** *Blackhawk Network* 🔗
	• Developed, tested, and deployed features for a consumer-facing eCommerce application with a focus on maintainability, internalization, and accessibility
	• Participated in production support rotations, effectively addressing bugs and resolving customer concerns in a timely manner
	• Documented features and processes on the internal developer wiki, ensuring comprehensive and accessible information for the team
	• Engaged in code reviews and contributed to team discussions on best practices
Jun 2018 – Aug 2018	**Software Engineer Intern,** *CashStar* 🔗
	CashStar is now part of Blackhawk Network Inc.
	• Engaged in daily scrum meetings, collaborating closely with a consumer-focused team of full-stack developers
	• Investigated and resolved various bugs on front-end and back-end applications
	• Developed and tested reusable components using React.js, Redux.js, and Jest

EDUCATION

2014 – 2019	**B.S. Computer Science,** *University of New hampshire* 🔗
